PROFILE SUMMARY

Enthusiastic and solution driven AI & ML student with a strong foundation in Java programming. Skilled in building efficient and robust applications with hands-on experience in object-oriented design and problem-solving. Experience in project management, event coordination, and strategic planning. Proven ability to lead teams,address complex problems, and effectively utilize technology to achieve organizational goals.

PROJECTS

Inventory Management

- Designed and developed an Inventory Management System with real-time stock tracking and CRUD operations.
- Implemented features like low-stock alerts, product search, and record management for efficiency.
- Built using [your tech stack: e.g., Node.js, Express, MySQL / Java, JDBC / Python, SQLite], ensuring scalability and smooth database integration.

Gesture Control Using Computer Vision

- Developed a gesture-controlled system that uses computer vision to recognize hand gestures for media playback control.
- Integrated machine learning models and OpenCV for real-time gesture detection and smooth user interaction.
- Built with React and Python backend, showcasing skills in AI, computer vision, and full-stack development.

EDUCATION

RNS Institute Of Technology :	Degree: B.Tech in Artificial Intelligence & Machine Learning CGPA: 8.3 (till 6th semester)
Narayana Pu College :	11th and 12th - 78.5%
KLE Society's School :	10th - 84.%

CERTIFICATES

- Introduction to Java by Coursera
- Interactive Programming in Python by Coursera
- AICTE Internship of 4 Weeks of Gen AI

TECHNICAL SKILLS

- Programming: Python, JavaScript, SQL
- Frameworks: React, Node.js, Spring Boot
- AI/ML: Machine Learning, Computer Vision, Deep Learning, Generative AI
- Tools: Git/GitHub, APIs, Cloud (AWS/Azure)

EXTRA-CURRICULAR ACTIVITIES

- Head of Finance In Artistry Club
- Co - Head of Events of RNSIT Sports Club

LANGUAGES

- English
- Hindi
- Kannada
- Telugu

OTHER SKILLS

- Teamwork and Collaboration
- Time Management
- Leadership and Strategic Planning
- Effective Communication
